Others: Familiar with MS Office, ChatGPT

NON-TECHNICAL SKILLS

• Excellent communication abilities (Verbal and Written)

• Strong understanding and comprehension abilities

• Rapid learner

• Effective problem solver

PROJECTS

QR Generator   May 2024
Backend project   *JavaScript, npm packages, GitHub, Node.js*
- **Project Overview**: Developed a web application using JavaScript to generate QR codes from user-provided URLs.
- **Key Features**: Real-time generation of QR codes, Downloadable QR code images for easy sharing and printing.
- **Visit QR Generator**

Secrets   May 2024
Backend project   *JavaScript, Node.js, npm packages, GitHub, HTML*
- **Project Overview**: Developed a secure web application named "Secrets" using JavaScript, Node.js, and HTML.
- **Key Features**: Real-time validation and error handling for authentication.
- **Visit Secrets**

Solar Solution   July 2022
JavaScript Project   *Html, CSS, JavaScript*
- **Overview**: It discusses the impact of Trina Solar's advancements in technology and cost reduction on the growth of commercial and residential power plant projects. The Solar Solution is promotional in nature, focusing on the benefits of solar energy projects and customer satisfaction with Trina Solar's services.
- **Visit Solar Solution**

Simon   May 2024
JavaScript project   *HTML, CSS, JavaScript, jQuery*

- **Project Overview**: Developed a website game, for one or more players ages 8 and up that involves repeating sequences of **lights** and **sounds** by pressing colored buttons in the correct order.
- **Key Features**: Players can play solo or challenge a friend, keep track of their score, and advance to higher levels.
- **Visit Simon**

Currency Convertor   May 2024
JavaScript Project   *Html, CSS, JavaScript*
- **Overview**: This tool is designed to help users calculate the exchange rate between different currencies.
- **User Interface**: The interface consists of two dropdown menus for selecting currencies and a conversion action button.
- **Visit Currency Convertor**

EXPERIENCE

Web Developer Intern   Aug 2023 – Sept 2023
Technohacks Edutech   *Nashik, Maharashtra*
- Made some websites like **Login page**, **Calculator** and **Dice Game**.
- Implemented **HTML**, **CSS**, **JavaScript**.
- **Visit Login Page**
- **Visit Calculator**
- **Visit Dice Game**

EDUCATION

University Institute of Technology, The University Of Burdwan   Burdwan, West Bengal
Bachelor of Engineering - Computer Science and Engineering (7.742 CGPA upto 5th Sem)   *September 2021 – July 2025*
Pursuing

M.S. Memorial Academy   Patliputra, Bihar
Intermediate with 84 Percentage in C.B.S.E, Science (PCM)   *April 2019 – March 2021*

Himalayan International School   Maharajganj Maner Patna, Bihar
Matriculation with 84 Percentage in C.B.S.E   *April 2019*

ACHIEVEMENTS - CERTIFICATIONS

- Udemy certified Web Development Bootcamp
- Solved 250+ questions on Leetcode, GeeksforGeeks, Codechef

HOBBIES

- Photography
- Watching Movies
- Playing Online games
- Listening Songs

ADDITIONAL PERSONAL INFORMATION

- Languages : English and Hindi
- Nationality : Indian
- Gender : Male
- Address : A.G. Colony, Patna-800025, Bihar
